REPEAT OF A SELL-OUT

For Beginners or Skilled Musicians

Here's The Season's Biggest Value In Home Entertainment!

Orcoa Concert

TRUE ELECTRONIC ORGAN

NO LESSONS OR TRAINING NEEDED
Just play letters and numbers instead of musical notes
You Can Play On Sight
AS EASY AS . . .
A-B-C or 1-2-3

Whether you're "musically inclined" or not, playing the Concert is actually as easy as reading the alphabet. Our exclusive Concert music library permits you to play letters and numbers instead of notes. From your first try, you'll be playing those favorite melodies of yours like a seasoned organist. It's wonderful relaxing fun . . . and your Concert organ's warm, rich tones call the family together for an old-fashioned song fest.

NOT A TOY — but a full size electronic instrument suitable for all music and musicians!
